

## Design Award of the Federal Republic of Germany – Outstanding Design

The Design Award of the Federal Republic of Germany is known to be the „award of awards“ within the field of design. DMY Berlin GmbH was commissioned by the Federal Ministry of Economics and Technology to present and host this year the Design Award. We interpret tradition with a contemporary slant as illustrated by the K 125 Tradition which is inimitable in its combination of the traditions of German artisan piano manufacture, innovative construction and contemporary design. This is perfection and aesthetics which will continue to enchant future generations.
